## About Us – Chairman Furniture

At Chairman Furniture, we build the strongest chairs and furniture with unique design and style. Our journey began in 2004 from our Head Office at Chelamattom, and what started as a dream has now grown into 7 thriving units across the region — each standing as a proud testament to our vision, commitment, and excellence. Built on the solid values of our founding pillars, Chairman Furniture today symbolizes quality, trust, and innovation. With the strength of over 400 committed employees passionately working behind the scenes, we continue to lead and redefine the furniture industry. From a modest beginning to a portfolio of 180+ products, our story is one of tradition and technology coming together — crafting every chair, table, rack, and bin with precision using cutting-edge German machinery. Our operations are supported by a massive 15,000 sq. ft. stock area, ensuring seamless supply, swift service, and a wide-reaching delivery network powered by our fleet of 25+ vehicles across South India.

Since 2011, Chairman Furniture has proudly been the leading manufacturer of plastic chairs and furniture in Kerala, offering stylish, durable, and affordable options — from armchairs, baby chairs, bins, and kitchen racks to garden chairs and bedroom essentials — all built to global quality standards. Trusted by thousands, we are honored to be the No. 1 choice of Keralites, with our reach expanding to Tamil Nadu, Andhra Pradesh, Karnataka, Goa, and even internationally to Africa, South America, and the Middle East. At Chairman, we don't just build furniture — we build dreams, shape spaces, and deliver trust. Choose Chairman Furniture — where strength, style, and comfort come together, made just for you.
